Individual Lessons

“Get an Edge” on your opponent this season with a lesson from All Star Baseball and Softball Academy

Our professional Staff is available seven days a week for private and semi-private instruction in all aspects of the game such as: Hitting, Pitching, Fielding and Catching.

Develop your skills in a professional learning environment, either one lesson at a time or with a package of lessons. Our professional staff is dedicated to helping young players progress or taking an advanced player to the next level. Our instructors have impressive credentials, experience, patience and enthusiasm. At All Star Baseball and Softball Academy our instructors teach proper mechanics in a controlled, step by step approach. Our instructor’s goals are to increase a player’s baseball/softball awareness and to develop the player’s confidence and a proper work ethic.

At All Star our motivation is for each player to achieve success. Progressive teaching methods are supported by drill work and other training tools the can be practiced within our facility or at home. The instructors allow each player to have his/her individual style while teaching the player how to develop fundamental skills and the proper attitude. We do not simply teach mechanics to create hitters that resemble one another, but rather help each player develop their physical and mental skills individually.

	<u>Non-Member</u>	<u>Member</u>
